Scandinavian Tree

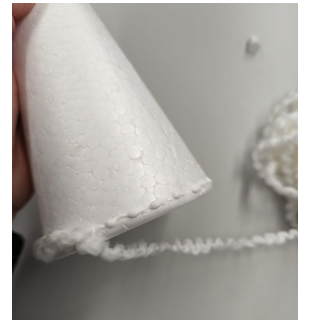

Materials:

- White foam cone
- Tacky glue
- 12 White pom poms
- 12 yards of white yarn

Instructions:

1. Using the white foam cone and the yarn, start dressing your tree by applying tacky glue at the bottom of the cone and glue the beginning of the yarn.
2. Once the beginning is secure, continue applying tacky glue around the cone and then attaching the yarn without stretching. Add more glue and then more yarn until you fill the whole cone.
3. Put a drop of tacky glue on each pom pom and attach them all around the tree.
4. Your minimalist winter tree is ready to display!
