

# Button Image Sizing

Let's make sure your button design is absolutely perfect! Please refer to these key measurements:

## Key Measurements

Button Size	Visible Image (Safe Zone)	Total Artwork (Cut Area)
Small Button (1.25")	1.25 inches	1.629 inches
Large Button (2.25")	2.25 inches	2.625 inches

**Visible Image (Safe Zone):** Keep all your important words and pictures inside this size! This is the only part of your image that will be flat on the front of the button.

**Total Artwork (Cut Area):** This is the full size of the paper circle. The extra area is the "bleed" that wraps around the side of the button.

*(Friendly reminder: Always design your artwork to the Total Artwork Size, but make sure the main action fits inside the Visible Image/Safe Zone.)*
